

Affidavit of Machine Failure

This affidavit is required if you have activated WireCAD vX on a machine in **Never Expire** (versions 4-8) or **Lock** mode (version 9) and you require Holbrook Enterprises, Inc. to release the license lease.

I _____ (enter your name) attest that the machine on which WireCAD key:

_____ (enter key number) was activated in Never Expire (Lock v9) mode is nonfunctional and will never be able to run WireCAD again.

Please list the reason for machine failure:

I further understand that if this machine attempts to activate WireCAD that Holbrook Enterprises, Inc. may, at their discretion, revoke any and or all licenses associated with the aforementioned license key.
